

## M<sup>2</sup> DEN model artificial turf grass of 30 mm. 2 x 25 rolls

### Description

It is an artificial turf grass that mixes fibers and textured with a root effect, which gives it greater naturalness. The usual fillers are replaced by a high fiber density, which gives it a leafy and smooth texture.

### Applications and Use

Thanks to its two-tone shade with green and brown curl, the den model is perfect for public or private gardens with medium traffic, commercial applications and public works.
