

Basketball goals original Galvan single post 114 mm diameter. Fixed directly to floor (without fastening) with 1,00 m overhang.

Description

Basic basketball goal made of steel tube 114 x 3 mm (4 ") in steel quality S 275 JOH, S 235 JR, (DD 11) SAE 1008, both the central tube and the projection, structure of the main central mast model ORIGINAL B2. Anchor made of 300 x 300 x 10 mm steel plate, from which four 650 mm long corrugated rods come out in the form of an inverted block, this will be at level 0 flush with the planimetry of the pavement, leaving only four threads 20 mm on which the basket will be fixed with self-locking nuts, and plastic anti-injury caps.

Deck structure is tied directly to the main maximum by means of an X structure with four fixing points on the deck plus another four that join the ring to the deck and the rear counter plate.

The projection of the board on the ground flies 1.00 m.

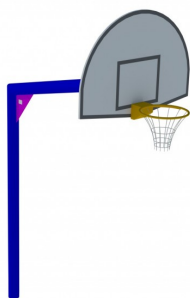

OPTIONS:
